

Hawaii Reapportionment Commission - Redistricting Online

Hawaii Redistricting Online assists the Hawaii Reapportionment Commission, Advisory Councils, advocacy groups, and the public to create state legislative and congressional redistricting plans following the 2020 U.S. Census.

There is a 25 minute video that describes the steps to create an account and create plans using Hawaii Redistricting Online. If you haven't watched it, here's the link:
